

Direct Product Add to Cart

USER GUIDE

Frontend:

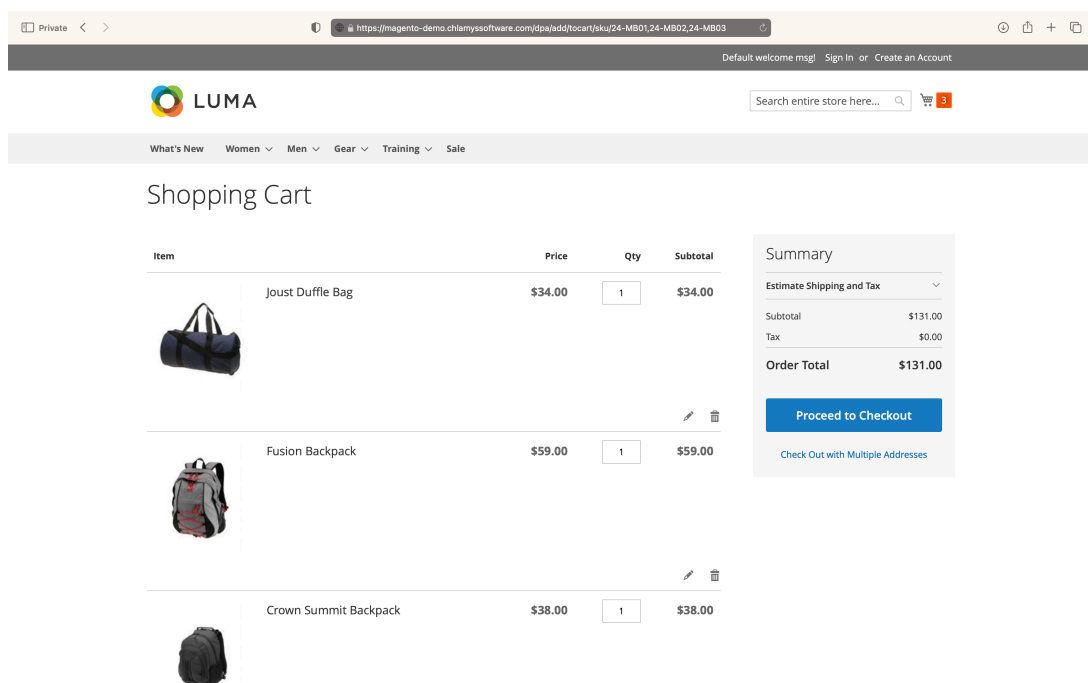

To test this feature use below url and visit it with any known browsers (Chrome, Safari, Firefox, etc.), it should add the product with SKU “**24-MB01**” automatically to cart and redirect you to cart page which will reduce few steps resulting into better conversion.

<https://magento-demo.chlamyssoftware.com/dpa/add/tocart/sku/24-MB01>

Or use below url to add multiple products to cart with multiple SKUs

<https://magento-demo.chlamyssoftware.com/dpa/add/tocart/sku/24-MB01,24-MB02,24-MB03>

More details for setup for your store:

Increase your revenue by sharing product links and allow users to buy your product quickly, Direct Product Add is the perfect solution for you. Just share links in different formats like below

Using SKUs:

`https://{yourdomain}/dpa/add/tocart/sku/{product_sku}`

`Https://{yourdomain}/dpa/add/tocart/sku/{product_sku_1},{product_sku_2}`

`Https://{yourdomain}/dpa/add/tocart/sku/{product_sku}-{product_quantity}`

**`https://{yourdomain}/dpa/add/tocart/sku/{product_sku_1}-{product_quantity_1},
{product_sku_2}-{product_quantity_2}`**

Add coupons in the url:

`http://{yourdomain}/dpa/add/tocart/sku/{product_sku}/coupon/{coupon_code}`

Use product id:

`Https://{yourdomain}/dpa/add/tocart/id/{product_id}`

`Https://{yourdomain}/dpa/add/tocart/id/{product_id_1},{product_id_2}`

`Https://{yourdomain}/dpa/add/tocart/id/{product_id}-{product_quantity}`

**`Https://{yourdomain}/dpa/add/tocart/id/{product_id_1}-{product_quantity_1},
{product_id_2}-{product_quantity_2}`**

Admin/Backend Configuration:

Share these urls with your users through email, social media, blogs etc. Once a user clicks on this link, the products will be automatically added to cart and user will be redirected to cart or checkout page. You can change redirection page from admin section using Menu

Stores -> Configuration -> SUKHVIR (from left section) -> Direct Product Add as shown in the image below:
